

Evidence-Based Collaborative Care in Rehabilitation Psychology

Rehabilitation Psychology
Division 22

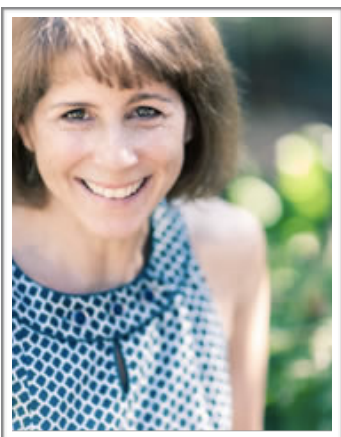

HOSPITALITY SUITE MARRIOTT MARQUIS ROOM 2-038

www.div22.org

#APA2017Div22

Message from the President

Welcome to the Division of Rehabilitation Psychology (22) program as part of the 125th APA Annual Convention in Washington, D.C.

This year, we are focusing on both evidence-based treatments and collaborative care, two pillars of Rehabilitation Psychology. Highlighting the value that Rehabilitation Psychology brings to patients, interdisciplinary teams, and health-care systems and payers is essential to the future of our profession.

Also, we are pleased to be welcoming our Rehabilitation Psychology colleagues from Israeli Psychological Association (IPA) to the Convention. This past winter, Division 22 delegates had the opportunity to visit rehabilitation facilities in Israel, as well as attend the IPA Rehabilitation Conference. The Israeli delegates' visit to facilities in the United States, and APA Convention completes this initial exchange. Please come and meet both the Israeli and Division 22 Exchange Delegates at:

9:00-9:50am Friday August 4.

We are pleased to welcome the Committee on Disability Issues in Psychology for a joint social and awards ceremony:

7:00-8:50pm Thursday August 3.

Whether you're a trainee, ECP or have been attending the APA convention for years, we look forward to seeing you and hope that the Division 22 programming will begin or continue being an important element of APA Convention experience.

Lisa A. Brenner, PhD, ABPP
Division 22 President

Message from the American Board of Rehabilitation Psychology President

Welcome to the 2017 APA Convention. There are several ABRP activities I would like to point out. First, stop by the American Board of Professional Psychology (ABPP) booth in the Exhibit Hall to pick up some goodies and an American Board of Rehabilitation Psychology (ABRP) burgundy ribbon!

ABPP will host a panel discussion and reception for ECPs Thur Aug 3, 5-6:50 pm, Marriott Marquis

Support the ABPP Foundation! Come to a reception Thur Aug 3, 5-7:30 pm, Morrison-Clark Historic Inn. For tickets (\$75) and to register go to <https://www.trailblz.info/abpp/eventcomplete.aspx?eventid=8>

Informal discussion on getting board certified in rehabilitation psychology - Friday, August 4, 10:00-10:50pm, Division 22 Hospitality Suite.

ABPP Convocation –Saturday August 5, 8:00-9:50 am The Marriott Marquis • Liberty Salon "L". Celebrate those who earned ABRP this year.

I am happy to plan time during the conference to talk about ABRP. Call or text me at 404-558-3639. Looking forward to seeing you in D.C.

Michele Rusin, PhD, ABPP

B21. Rehabilitation Psychology: A Missing Link in Current Danish Practices. Tia G. B. Hansen, PhD, Charlotte Glintborg, PhD.

Israeli Psychological Association Exchange

This year we are pleased to be welcoming our Rehabilitation Psychology colleagues from the Israeli Psychological Association (IPA) to the Convention. This past winter, Division 22 delegates had the opportunity to visit rehabilitation facilities in Israel, as well as attend the IPA Rehabilitation Conference. The Israeli delegates' visit to facilities in the United States, and the APA Convention completes this initial exchange. The goals of the exchange program are two-fold: (1) To foster professional development by exchanging knowledge and experience in a wide range of psychological interests. (2) To establish international relationships and create opportunities for collaborative research in rehabilitation psychology. This delegation is part of an official educational program, initiated by IPA rehab division and DIV22, and is endorsed by the Ministry of Health Head Psychologists in Israel and the Psychological Council.

Please come and meet both the Israeli and
Division 22 Exchange Delegates at these
events:

9:00-9:50am Friday August 4. CONVERSATION HOUR. Development of International Collaboration in Rehabilitation Psychology—Lessons Learned Through the Israel and U.S. Exchange Program. Chair: Connie Sung, PhD; Participants: Israeli Psychological Association Members [CC 101]

11:00-1:00pm Friday August 4. LUNCHEON AND POSTER PRESENTATIONS with IPA DELEGATES. Washington Marriott Marquis, 2nd Floor, Suite 2-038

#APA2017Div22

WELCOME TO THE ISRAELI DELEGATION

	Mr. Yotam Ben-Shats received his master's degree in Rehabilitation Psychology at Ariel University of Samaria. He is a rehabilitation psychologist intern at the neurological rehabilitation unit of the Sheba Medical Center. He is also a representative of the rehabilitation psychology division of the Israeli Psychological Association (IPA) board and a PhD candidate at Haifa University.
	Dr. Hila Cohen received her doctoral degree in Rehabilitation Neuropsychology from Ben-Gurion University of the Negev. She is a senior neuropsychologist at the Pediatric Neuropsychology Unit, Edmond and Lili Safra Children's Hospital, Sheba Medical Center.
	Dr. Adi Granat received her doctoral degree in Rehabilitation-Clinical Psychology from Bar-Ilan University, Ramat-Gan, Israel. She is a senior psychologist at the Pediatric Unit, Loewenstein Hospital Rehabilitation Center. She is also a lecturer at Ariel University-Rehabilitation Psychology Graduates Program.
	Dr. Eyal Heled received his doctoral degree in Clinical Psychology from the Hebrew University of Jerusalem. He is a faculty member in the Department of Behavioral Sciences at Ariel University – Rehabilitation Psychology Graduates Program. He is also a head psychologist of the Neurological Rehabilitation Unit at the Rehabilitation Hospital of Sheba Medical Center.
	Ms. Keren Serebro Sorek received her master's degree in Neuropsychology from Hebrew University of Jerusalem. She is a head rehabilitation psychologist and a clinical neuropsychologist at the Tel Aviv Sourasky Medical Center.
	Ms. Limor Sharoni received her master's degree in clinical neuropsychology from the Hebrew University of Jerusalem. She is a senior psychologist at the National Institute for the Rehabilitation of the Brain Injured. She is also a founder of the Gesher-Galilee Center which provides neuropsychological assessment and psychotherapy services to the Galilee and Golan multicultural population.
	Mr. Gil Suzin received his master's degree in Rehabilitation Neuropsychology from the Tel Aviv-Yaffo Academic College. He is a neuropsychologist and a PhD candidate at the Tel Aviv University. He is also a director of the cognitive rehabilitation unit in the Sagol center for Hyperbaric Medicine and Research at the Assaf Harofeh Medical Center.
	Mr. Amir Zendakovich received his master's degrees in Rehabilitation Neuropsychology from Tel-Aviv Yaffo Academic College. He is the chief psychologist at the Reuth Rehabilitation Hospital, where he is a director of the Reuth Rehabilitation Psychology Department and the Agam Institute for the Treatment and Rehabilitation of Eating Disorders.

Accessibility at the Conference

APA will provide interpreters for deaf persons and escorts/readers for persons with visual impairments upon specific request at the time of advance registration. Detailed requirements for hearing-assistive services must be provided by Wednesday, July 19, to guarantee services.

During the convention, persons with disabilities may visit the APA Resource Room for Persons with Disabilities in Exhibit Halls D and E in the Walter E. Washington Convention Center for assistance.

APA will provide a van with a lift as transportation between the convention center and nearby hotels for persons who use wheelchairs or scooters, or have limited mobility. The van will be available “on-call” during the convention. Details on the van schedule and telephone number to call for service will be in the “2017 Convention Program Supplement” that is distributed at the convention.

WHO WE ARE

Division 22 is the APA division for professionals and trainees who are interested in health, illness, and disability and rehabilitation issues.

OUR MISSION

"To bring together APA members who are interested in the psychological aspects of disability and rehabilitation, in educating the public on important issues in disability and rehabilitation, and to develop high standards for clinical practice and research for the psychologists who work in this field."

DIVISION 22 ADMINISTRATIVE OFFICE

750 First Street, NE

AMERICAN PSYCHOLOGICAL ASSOCIATION

DIVISION 22: REHABILITATION PSYCHOLOGY

ABOUT THE DIVISION

Rehabilitation psychology is the study and practice of the application of psychosocial principles to individuals with an array of emotional, physical, and cognitive disabilities.

Established in 1958, APA Division 22 is the primary professional organization serving rehabilitation psychologists who are concerned with the social and personal growth of individuals with disabilities from a perspective that emphasizes the whole person.

Rehabilitation psychology entails clinical practice, development and administration of programs, research, teaching, public education, injury prevention and health promotion, health policy, and advocacy for persons with disabilities and chronic health conditions.

MEMBERSHIP BENEFITS

Members of APA Division 22 enjoy a wide range of benefits, including but not limited to:

- Subscriptions to our official Division 22 journal, *Rehabilitation Psychology*, and our Division newsletter.
- Membership to our Division 22 listserv, *RehabPsych*.
- The opportunity to become more involved through our committees, special sections such as Women in Rehabilitation Psychology or Pediatric Rehabilitation Psychology, and/or our special interest groups.
- Opportunities for students and early career professionals to serve as representatives on the executive committee and/or participate in our mentoring program.
- An annual spring conference that is organized jointly with the American Board of Rehabilitation Psychology. Specific programs are offered at this conference to help our members pursue the ABBP (RP) credentials.

MEMBER CATEGORIES

There are three membership categories in APA Division 22:

Full Members

Full members of Division 22 include psychologists who are current APA members, and who also possess an interest and expertise in rehabilitation and the emotional, physical, social, and cognitive aspects of disability.

Affiliate Members

Professionals in areas such as rehabilitation counseling, nursing, audiology, speech therapy, and other related disciplines. Foreign affiliates are also welcome to join, though higher dues are required to cover the postage for our Division journal and newsletter.

Student Members

Students in clinical psychology, school psychology, social work, nursing, rehabilitation, and other related disciplines.
